COVID-19 Information

COVID-19 is an infectious disease that can be transmitted:

- through the air when an infectious person talks or vocalizes, sneezes, coughs, or exhales
- when a person touches a contaminated object and then touches their eyes, nose, or mouth, although that is less common

Symptoms are wide ranging and can be similar to the flu, including:

Fever/Chills

Cough

Shortness of breath

Fatigue

Congestion/runny nose

Muscle/body aches

Headache

Sore Throat

New loss of taste or smell
